

CREATE YOUR OWN STORY

Use your imagination to create a story of your own. Age 8+ ~60min

Activity Steps

1. Ask the child (or children) to pick something outside, it could a fun looking tree, a rock near a pond, a bird in a tree, or anything!
2. Have them create a story about it. Ask a few questions to help get their imaginations turning:
 - How did the tree get there?
 - What has the rock seen since it's been sitting by the pond?
 - Where does the bird like to fly?
3. They can draw or paint their story, create story stones, write it down, or even act it out!
